## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
**Kansas Development Finance Authority**  
Topeka, Kansas

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Kansas Development Finance Authority (KDFA), a component unit of the State of Kansas, as of and for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise KDFA's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of KDFA as of June 30, 2019 and 2018, and the changes in its financial position and its cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and required supplementary information listed on the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise KDFA's basic financial statements. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 25, 2019 on our consideration of KDFA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of KDFA's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering KDFA's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

Years Ended June 30, 2019 and 2018

---

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

The following discussion of Kansas Development Finance Authority's (KDFA) operations and financial position should be read in conjunction with the financial statements and appropriate notes appearing elsewhere in this document.

**FINANCIAL HIGHLIGHTS**

- KDFA's total net position decreased by \$131,677 from the previous year.
- During the year, KDFA's expenses exceeded revenues by \$131,677. KDFA had expenses of \$1,715,375 compared to \$1,886,510 in 2018, and revenues of \$1,583,698 and \$1,148,040 for those same years.
- Revenues received but not earned (unearned revenues) decreased by \$351,611 to \$2,787,817 during fiscal 2019.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of 2 parts: (1) management's discussion and analysis (this section) and (2) the basic financial statements. The financial statements also include notes which provide more detailed data.

**FINANCIAL ANALYSIS OF KDFA AS A WHOLE**

The following analysis focuses on KDFA's operating assets, deferred outflows, liabilities, and deferred inflows. The following table excludes the balances for Investment in Direct Financing Leases and Lease Revenue Bonds Payable. See the Notes to the Financial Statements for discussion related to these accounts. Balances for these accounts fluctuate each year based on the number of bond issuances and redemptions.

**Total assets, deferred outflows, liabilities, deferred inflows, and net position:** Overall, the significant balance sheet accounts such as cash, investments, and unearned revenues fluctuate depending on the number and dollar amount of bond issuances completed each year. In fiscal 2019 and 2018, approximately \$112,030,000 and \$112,525,000 were issued in bonds each year, respectively.

**Change in net position:** The majority of K DFA's revenue comes from issuance fees and annual fees, which produce approximately 98% of K DFA's operating revenues. The amount of revenues from K DFA's issuance fee decreased to \$264,748 in 2019 from \$338,087 in 2018. Additionally, the amount of revenues from K DFA's annual fee decreased to \$708,362 in 2019 from \$781,494 in 2018.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

Years Ended June 30, 2019 and 2018

Overall operating expenses decreased by \$143,290 as a result of increases and decreases to various expenditures. The amount recorded in professional services expense decreased by \$17,354, which is mainly due to low issuance activity resulting in reducing the need for outside consulting and legal expenses.

The prior period adjustment recorded during fiscal year 2018 was to restate beginning net position as of July 1, 2017 for the adoption of GASB 75: *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

Capital Assets: Capital assets include furniture, office and computer equipment, and building improvements. Improvements are depreciated over the ten-year life of the lease. Furniture and equipment are depreciated over a three to five year time frame. For additional information on capital assets, see Note 4.

Long-term Debt: See financial highlights above for discussion of unearned revenues. For additional information on debt, see Notes 5, 6, 7 and supplementary information.

**ECONOMIC FACTORS**

Forecasting through the next 12 months, KDFA continues to see a favorable tax-exempt debt interest rate environment, and well rated bonds should continue to price attractively. The Federal Reserve lowered the federal funds rate in July to 2.25%. The Federal Open Market Committee has indicated it is watching the economy closely, and is poised to lower rates again as might be desirable. Many issuers including KDFA are seeing and taking advantage of attractive refunding opportunities for economic savings. It appears at this time that economic refunding opportunities of previously issued KDFA bonds will continue to present over the coming months.

While the State of Kansas (State) is experiencing stronger revenue inflows as a result of recent changes in tax policy, the State is still working to bring revenues and expenditures into ongoing and sustainable structural alignment. The 2019 Kansas legislature authorized bond financing for a renovation of a dining hall at Kansas State University in an amount not to exceed \$15,000,000 and authorized a financing at Fort Hays State University in the amount of \$15,250,000 to finance the construction and equipment of an addition to the Memorial Student Union. KDFA finalized the transaction for K-State on August 6, 2019, issuing \$31,155,000 in new money and refunding bonds. KDFA anticipates beginning work on a transaction later this year or early next year for the Fort Hays State project.

As mentioned above, KDFA also anticipates additional refunding opportunities for certain outstanding bond issues. On the private activity side, KDFA has seen a significant increase in private activity bond issuance for affordable multifamily housing, and is currently working on a number of multifamily transactions, and anticipates additional multifamily and health care finance activity in the coming months.

**CONTACTING KDFA'S FINANCIAL MANAGEMENT**

This financial report is designed to provide a general overview of KDFA's finances and to demonstrate KDFA's accountability for funds received. If you have questions about this report or need additional information, contact KDFA at 534 S. Kansas Avenue, Suite 800, Topeka, KS 66603.

Interest expense on lease revenue bonds	\$ 66,635	\$ 91,385

The accompanying notes are an integral part of these financial statements.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

**NOTES TO FINANCIAL STATEMENTS**

**1. REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Reporting Entity - Kansas Development Finance Authority (KDFA) was established by Chapter 57, 1987 Session Laws of Kansas. Its enabling statutes are found in K.S.A. 74-8901 et seq., as amended and supplemented. KDFA is a public body politic and corporate, constituting an independent instrumentality of the State of Kansas (State). KDFA was created to enhance the ability of the State to finance capital improvements and improve access to long-term financing for State agencies, political subdivisions, public and private organizations, and businesses.

Executive Reorganization Order No. 30 transferred the Housing Division of the Kansas Department of Commerce and Housing, effective July 1, 2003, to be organized and administered in accordance with KDFA Act. The new corporation is called Kansas Housing Resources Corporation (KHRC). KDFA and KHRC have board members in common, but KHRC does not meet the criteria as outlined in the following paragraph to be a component unit of KDFA. Therefore, KHRC issues its own financial statements, and is not included in this report.

Accounting principles generally accepted in the United States of America require that the reporting entity include: (1) the primary government, (2) organizations for which the government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that the exclusion would cause the reporting entity's financial statements to be misleading. KDFA has been determined to be a component unit of the State of Kansas. KDFA is financially accountable to the State, and the State exercises oversight responsibility on financial interdependency, selection of governing authority, designation of management, and has the ability to significantly influence operations and accountability for fiscal matters, scope of public service, and special financing relationships.

To accomplish its objectives, KDFA is empowered to acquire and dispose of real and personal property; to borrow money and issue notes, bonds, or other obligations; to make secured or unsecured loans for any of the purposes for which it may issue bonds (except making loans directly to individuals to finance housing projects); to offer technical assistance to the State or any of its political subdivisions; to enter into contracts to provide such services; and to assist minority businesses in obtaining loans or other means of financial assistance. There are no other organizations or agencies whose financial statements should be combined and presented with these financial statements.

Bonds and other debt instruments issued by KDFA are limited obligations of KDFA, payable solely from and secured by a lien on the proceeds, monies, revenues, rights, interests, titles, and/or mortgages pledged under the indentures and resolutions authorizing each particular financing transaction. Bonds and other debt instruments issued by KDFA do not constitute an indebtedness of the State, or any political subdivision thereof, or an indebtedness for which the full faith and credit or the taxing powers of the State, or any political subdivision thereof, are pledged. Under State laws, KDFA and its subsidiaries are considered a governmental entity for purposes of the Kansas Tort Claims Act, which limits the liability of KDFA and its employees.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**1. REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

Basis of Accounting - K DFA is organized as a proprietary activity; therefore, the accompanying financial statements are prepared on the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when incurred.

Cash and Investments - K DFA considers all short-term investments with an original maturity of three months or less to be cash equivalents. K DFA monitors the insurance and/or amount of securities pledged by financial institutions as collateral to secure the deposits of K DFA in excess of the amount insured by the Federal Deposit Insurance Corporation (FDIC). Statutes authorize K DFA, "to invest moneys of K DFA not required for immediate use."

As of June 30, 2019 and 2018, investments consist of funds invested in the Kansas Municipal Investment Pool (KMIP) and Vanguard investment account. The KMIP is an external investment pool not SEC (Securities and Exchange Commission) registered, which is regulated by the State. The investment in the KMIP is valued at cost. The Vanguard investment account is valued at fair value.

Fair value is defined as the exchange price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. There is a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The guidance requires three levels of fair value measurement based on the respective inputs.

Cash Held for Others - K DFA has a Custodial Agreement with UMB Bank, N.A. for UMB Bank, N.A. to act as a depository for wire transfers of good faith deposits (Deposits) which may be a requirement in the Notice of Bond Sale. UMB Bank, N.A. holds the Deposits until notified by K DFA of the successful bidder. Deposits submitted by unsuccessful bidders will not be accepted or shall be returned in the same manner received. If a bid is accepted, and the successful bidder complies with all terms and conditions of the Notice of Bond Sale, UMB Bank, N.A. transfers the Deposit to K DFA one day before the bond closing date and the amount is deducted from the purchase price. No interest on the Deposit is paid by K DFA. There were no amounts recorded as cash held for others as of June 30, 2019 or 2018.

Accounts Receivable - K DFA uses the reserve method of accounting for bad debts. Under this method, all uncollectible accounts are charged to the allowance account, and bad debt expense is determined by adjusting the balance in the allowance account to a reserve considered reasonable by management.

Capital Assets - Capital assets are carried at historical cost less depreciation or amortization. Individual items with an initial cost of more than \$1,000 are capitalized. Major renewals and betterments are capitalized, and maintenance and repairs, which do not improve or extend the life of the respective assets, are charged against earnings in the current period. Depreciation and amortization are provided on the straight-line method over estimated useful lives ranging from two to ten years.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**1. REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

Unearned Revenue - Unearned revenue consists of prepaid annual fees. Cash received and invested is considered restricted, as the funds are to be available for the provision of specified services for existing bond issues and related credits on refunding bond issues.

Income Taxes - KDFA is exempt from all federal, state, and local income, sales, and property taxes.

Net Position - Net position of KDFA is classified in two components. The investment in capital assets consists only of capital assets because there is no outstanding debt related to the acquisition of those assets. Unrestricted net position is remaining assets less remaining liabilities that do not meet the definition of net investment in capital assets net position.

Deferred Inflows of Resources/Deferred Outflows of Resources - In addition to assets, the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. KDFA has two items that qualify for reporting in this category. They are the deferred outflows for pensions and OPEB. See Note 8 and 10, respectively, for more information on these deferred outflows.

In addition to liabilities, the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. KDFA has two items that qualify for reporting in this category. They are the deferred inflows for pensions and OPEB. See Note 8 and 10, respectively, for more information on these deferred inflows.

Compensated Absences - Under terms of KDFA's Paid Time Off (PTO) policy, KDFA employees are granted leave for vacation, sickness and other personal time under a single accrual. PTO leave is earned in varying amounts dependent on tenure and employment status. Employees are paid for the PTO they have accrued at employment end. Compensated absences are included in the accrued salaries and related benefits on the balance sheet.

Pensions - The net pension liability is calculated as the difference between the actuarially calculated value of the projected benefit payments attributed to past periods of employee service and the Kansas Public Employees Retirement System's (KPERS) fiduciary net position. The total pension expense is comprised of the service cost or actuarial present value of projected benefit payments attributed to the valuation year, interest on the total pension liability, KPERS' administrative expenses, current year benefit changes, and other changes in KPERS' fiduciary net position less employee contributions and projected earnings on plan investments. Additionally, the total pension expense includes the annual recognition of outflows and inflows of resources due to pension assets and liabilities.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**1. REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

For purposes of measuring the collective net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Kansas Public Employees Retirement System (KPERs) and additions to/deductions from KPERs' fiduciary net position have been determined on the same basis as they are reported by KPERs. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Operating Revenues and Expenses - The principal revenues of KDFa are issuance and annual fee revenues received from borrowers. KDFa also recognizes operating revenue from application fees and other revenues earned related to the operation of KDFa, and operating expenses for administrative expenses. All other revenues and expenses are reported as non-operating revenues and expenses.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Related Parties - KDFa from time to time purchases goods and supplies from other state agencies for administrative and office purposes. In addition, Kansas Housing Resources Corporation reimburses KDFa for shared staff-related expenses incurred during the year.

**2. CASH AND INVESTMENTS**

KDFa has adopted a formal investment policy. The primary objectives of investment activities are, in priority order, safety, yield and liquidity. The standard of care to be used by investment officials shall be the "prudent investor" standard, and shall be applied in the context of managing an overall portfolio.

As of June 30, 2019 and 2018, KDFa has \$168,245 and \$60,375, respectively invested in the State of Kansas Municipal Investment Pool. As of June 30, 2019 and 2018, KDFa has \$11,455,085 and \$11,940,632, respectively invested in Vanguard short-term index funds.

*Custodial Credit Risk.* Custodial credit risk is the risk that, in the event of the failure of the counterparty, KDFa will not be able to recover the value of its deposits or investments that are in the possession of an outside party. The bank balances of KDFa's deposits at June 30, 2019 and 2018 totaled \$107,707 and \$226,236, respectively. UMB Bank will pledge collateral to a Federal Reserve account for bank balances in excess of the Federal Deposit Insurance Corporation (FDIC) limit, as well as by the standard coverage of the FDIC.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**2. CASH AND INVESTMENTS (CONTINUED)**

*Credit Risk.* KDFA's policy limits investments to those allowed by State statute, and further to those with one of the top two ratings from Standard & Poor's or Moody's Investor Services, depending on the type of investment. As of June 30, 2019 and 2018, KDFA was invested in the Kansas Municipal Investment Pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers. The Vanguard Short Term Bond Index Fund's (Fund) underlying securities are U.S. government, high quality (investment-grade) corporate, and investment-grade international dollar-denominated bonds. The Fund's underlying securities have an average rating of Aa.

*Interest Rate Risk.* As a means of limiting its exposure to fair value losses arising from the fluctuations in interest rates, KDFA's investment policy limits investment maturities as follows: the portion of the portfolio equal to 150% of the current year annual operating expense budget shall be continuously invested in obligations which have maturities of twelve months or less.

Monies in excess of the 150% may be invested in obligations greater than twelve months, but no more than sixty months.

KDFA had the following investments, excluding certificates of deposit, with the noted investment maturities:

Investment Type	June 30, 2019	June 30, 2019		Fair Value Hierarchy
		Investment Maturities		
		(In Years)		
		Less than 1	1-5	
KMIP	\$ 168,245	\$ 168,245	\$ --	N/A
Vanguard short-term bond index fund	11,455,085	11,455,085	--	Level 1
Total	<u>\$ 11,623,330</u>	<u>\$ 11,623,330</u>	<u>\$ --</u>	

  

Investment Type	June 30, 2018	June 30, 2018		Fair Value Hierarchy
		Investment Maturities		
		(In Years)		
		Less than 1	1-5	
KMIP	\$ 60,375	\$ 60,375	\$ --	N/A
Vanguard short-term bond index fund	11,940,632	11,940,632	--	Level 1
Total	<u>\$ 12,001,007</u>	<u>\$ 12,001,007</u>	<u>\$ --</u>	

KDFA's investments during the year did not vary substantially from those at year-end in amounts or level of risk.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**2. CASH AND INVESTMENTS (CONTINUED)**

*Fair value measurements.* Following is a description of the valuation methodologies used for assets measured at fair value in the table above.

An investment's categorization within the valuation hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

The Vanguard short-term bond index fund investment is valued at Level 1 using quoted prices in active markets for identical assets.

**3. INVESTMENT IN DIRECT FINANCING LEASES**

KDFA issues lease revenue bonds to facilitate construction of certain capital projects for various State agencies. KDFA's interests in the projects have been assigned to various State governmental units through the use of financing lease transactions. Contained in the trust indenture or resolution and lease agreement for each series of bonds is a capital lease provision by which lease revenues paid by the various governmental units, as tenants, to KDFA as lessor, are pledged to pay bond debt service. Amounts are actually paid by the State agencies directly to the bond paying agents for the lease revenue bonds.

Net investment in direct financing leases as of June 30 are as follows:

	2019	2018
Total minimum lease payments to be received	\$ 1,235,301	\$ 1,646,936
Less: unearned income	<u>(100,301)</u>	<u>(166,936)</u>
Net investment in direct financing leases	<u>\$ 1,135,000</u>	<u>\$ 1,480,000</u>

The future minimum lease payments to be received by KDFA under the direct financing leases mirrors the payments to be made by KDFA under the lease revenue bonds payable as explained in Note 5.

**KANSAS DEVELOPMENT FINANCE AUTHORITY

**5. LEASE REVENUE BONDS PAYABLE**

Lease revenue bonds are limited obligations of KDFA, payable solely from revenues, rents, and receipts or subject to annual State appropriations. They do not represent general obligations of the State, or any political subdivision thereof, or of KDFA. KDFA records lease revenue bonds payable and investment in direct financing leases for all revenue bonds issued and outstanding which are secured by a capital lease agreement. Activity for the years ended June 30, 2019 and 2018 included additions (issuances) of \$0 and \$0 and reductions (principal payments or redemptions) of \$345,000 and \$695,000, respectively.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**5. LEASE REVENUE BONDS PAYABLE (CONTINUED)**

Lease revenue bonds payable are as follows at June 30, 2019 and June 30, 2018:

	2019	2018
Series 2001W-1 - State of Kansas Department of Human Resources Project, \$1,720,000 Lease Revenue Bonds dated November 1, 2001, with aggregate amounts due annually from \$25,000 to \$130,000, due October 1, 2001 through October 1, 2021, at interest rates ranging from 3.00% to 5.00%. (This bond issue was included in the Pooled Bond issue, Series 2001W).	\$ 375,000	\$ 490,000
Series 2002H - State of Kansas Department of Human Resources, Acquisition & Renovation Project, and \$3,765,000 Lease Revenue Bonds dated August 15, 2002, with aggregate amounts due annually from \$140,000 to \$270,000, due May 1, 2003 through May 1, 2022, at interest rates ranging from 2.50% to 4.70%.	\$ 760,000	\$ 990,000
	1,135,000	1,480,000
Less current portion due within one year	360,000	345,000
	\$ 775,000	\$ 1,135,000

Scheduled reduction of lease revenue bonds payable is as follows for the years ending June 30:

	Principal	Interest
2020	\$ 360,000	\$ 50,640
2021	375,000	33,743
2022	400,000	15,918
	\$ 1,135,000	\$ 100,301

**6. KDFA SPECIAL OBLIGATION BONDS**

Unlike lease revenue bonds for which KDFA has recorded lease revenue bonds payable and an investment in direct financing leases, the bond obligations and notes and bonds with original maturities of one year or less, contain no capital lease provisions under which KDFA acts as lessor. These bond obligations have various revenue streams that are pledged for repayment of principal and interest. These bonds are special limited obligations of KDFA, neither the principal of, redemption premium, if any, nor interest on these bonds constitutes a general obligation or indebtedness of, nor is the payment thereof guaranteed by KDFA or the State. Accordingly, special obligation bonds are not included in KDFA's balance sheet. The amounts of special obligation bonds outstanding as of June 30, 2019 and 2018 were \$3,129,475,388 and \$3,314,819,847, respectively.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO THE FINANCIAL STATEMENTS

**7. PRIVATE ACTIVITY BONDS**

Unlike lease revenue bonds for which KDFA has recorded lease revenue bonds payable and an investment in direct financing leases, the private activity bonds are special limited obligations of KDFA and are made payable solely from a pledge of the applicable trust estate that is comprised of a particular designated revenue stream of the borrower. Accordingly, such private activity bonds are not included on KDFA's balance sheet. The amounts of private activity bonds outstanding as of June 30, 2019 and 2018 were \$1,357,240,492 and \$1,355,740,169, respectively.

From the inception of the program through June 30, 2019 and 2018, the Beginning Farmer Loan Program had issued \$100,866,193 and \$96,799,071 in bonds, respectively.

**8. EMPLOYEES RETIREMENT SYSTEM**

General Information about the Pension Plan

*Plan description:* KDFA participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at <http://www.kpers.org> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

*Benefits provided.* KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Benefits are established by statute and may only be changed by the General Assembly. Member employees with ten or more years of credited service, may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever an employee's combined age and years of credited service equal 85 "points".

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, member employees may withdraw their contributions from their individual accounts, including interest. Member employees who withdraw their accumulated contributions lose all rights and privileges of membership. The accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Member employees chose one of seven payment options for their monthly retirement benefits. At retirement, a member employee may receive a lump-sum payment of up to 50% of the actuarial present value of the member employee's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump-sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**8. EMPLOYEES RETIREMENT SYSTEM (CONTINUED)**

The 2012 Legislature made changes affecting new hires, current member employees and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015, was created. Normal retirement age for KPERS 3 is 65 with five years of service or 60 years with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

*Contributions.* K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contributions rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member employees' contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. KPERS is funded on an actuarial reserve basis. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate was 8.28% and 13.21%, respectively, for the fiscal year ended June 30, 2019 and 9.62% and 12.01%, respectively, for the fiscal year ended June 30, 2018. Contributions to the pension plan from KDFA were \$116,561 and \$102,252 for the years ended June 30, 2019 and 2018, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Net pension liability activity for the years ended June 30 was as follows:

	<u>June 30, 2019</u>	<u>June 30, 2018</u>
Net pension liability	\$ 1,164,739	\$ 1,272,837
Measurement date	June 30, 2018	June 30, 2017
Valuation date	December 31, 2017	December 31, 2016
Proportion	0.018%	0.019%
Change in proportion	-0.001%	0.000%

The collective net pension liability is measured by KPERS each June 30, and the total pension liability used to calculate the collective net pension liability is determined by an actuarial valuation as of each December 31, rolled forward to June 30. KDFA's proportion of the collective net pension liability was based on the ratio of KDFA's actual contributions to KPERS, relative to the total employer and nonemployer contributions of the State/School

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**8. EMPLOYEES RETIREMENT SYSTEM (CONTINUED)**

Subgroup within KPERS for the fiscal years ended June 30, 2018 and 2017. The contributions used exclude contributions made for prior service, excess benefits and irregular payments.

For the years ended June 30, 2019 and 2018, KDFA recognized pension expense of \$83,100 and \$144,324, respectively. At June 30, 2019 and 2018, KDFA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	June 30, 2019		June 30, 2018	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 50,562	\$ -	\$ 63,301
Net difference between projected and actual earnings on pension plan investments	19,980	-	27,298	-
Changes in proportionate share	72,360	85,246	108,938	43,052
Changes in assumptions	43,828	1,006	60,099	1,685
KDFA contributions subsequent to measurement date	116,561	-	108,801	-
Total	<u>\$ 252,729</u>	<u>\$ 136,814</u>	<u>\$ 305,136</u>	<u>\$ 108,038</u>

The \$116,561 reported as deferred outflows of resources related to pensions resulting from KDFA contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as increases (decreases) to pension expense as follows:

**Year ended June 30:**

2020	\$ 29,628
2021	19,623
2022	(29,333)
2023	(16,848)
2024	(3,716)
	<u>\$ (646)</u>

*Actuarial assumptions.* The total pension liability for KPERS in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Price inflation	2.75%
Wage inflation	3.50%
Salary increases, including wage increases	3.50% to 12.00%, including price inflation
Long-term rate of return, net of investment expense, and including price inflation	7.75%

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**8. EMPLOYEES RETIREMENT SYSTEM (CONTINUED)**

Mortality rates were based on the RP 2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study conducted for the three year period beginning January 1, 2013.

The actuarial assumptions changes adopted by the pension plan for all groups based on the experience study were as follows:

- Price inflation assumption lowered from 3.00 percent to 2.75 percent
- Investment return assumption was lowered from 8.00 percent to 7.75 percent
- General wage growth assumption was lowered from 4.00 percent to 3.5 percent
- Payroll growth assumption was lowered from 4.00 percent to 3.00 percent

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocations as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	47%	6.85%
Fixed income	13	1.25
Yield driven	8	6.55
Real return	11	1.71
Real estate	11	5.05
Alternatives	8	9.85
Short-term investments	2	(0.25)
Total	<u>100%</u>	

*Discount rate.* The discount rate used by KPERS to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the contractually required rate. The State/School employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993, the employer contribution rates certified by the KPERS' Board of Trustees for this group may not increase by more than the statutory cap. The statutory cap for the State fiscal year 2018 was 1.2%. The State/School employers are currently contributing the full actuarial contribution rate. The expected KPERS employer actuarial contribution rate was modeled for future years, assuming all actuarial assumptions are met in

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**8. EMPLOYEES RETIREMENT SYSTEM (CONTINUED)**

the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of K DFA's proportionate share of the collective net pension liability to changes in the discount rate.* The following presents K DFA's proportionate share of the collective net pension liability calculated using the discount rate of 7.75% and 8.00% for fiscal 2018 and 2017, respectively, as well as what K DFA's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75% and 7.00%) or 1-percentage-point higher (8.75% and 9.00%) than the current rate:

	<b>1% Decrease 6.75%</b>	<b>Current Discount Rate 7.75%</b>	<b>1% Increase 8.75%</b>
June 30, 2019	\$ 1,568,632	\$ 1,164,739	\$ 823,162
June 30, 2018	\$ 1,696,982	\$ 1,272,837	\$ 914,946

*Pension plan fiduciary net position.* Detailed information about the pension plan's fiduciary net position is available in the separately issued KPERS' financial report.

As provided by K.S.A. 1995 Supp. 74-4911f, the President of K DFA (President), an appointed official, may elect not to be a member of KPERS. Upon this election, K DFA contributes to the plan on the official's behalf an amount equal to 8% of the official's salary. The current President has not made this election.

**9. DEFERRED COMPENSATION PLAN**

As a component unit of the State of Kansas, K DFA participates in the State's Deferred Compensation Plan (Plan), a voluntary defined contribution retirement plan, as authorized by Internal Revenue Services (IRS) Code Section 457. Salary reduction agreements are made with eligible employees whereby prescribed amounts are withheld from the employee's pay and remitted to the Trustee, Great West Financial, which invests the withholdings in allowable investments in accordance with the investment instructions of the employees. These monies are not available to employees until termination or retirement from employment, death, or unforeseeable emergency. Any classified or unclassified employees, except those employed on an emergency, temporary, or intermittent basis, are eligible on their first day of employment to participate in the Plan. During fiscal year 2019, seven employees of K DFA participated in the Plan.

All assets under this Plan are held in trust for the exclusive benefit of participants and their beneficiaries. For this purpose, an annuity contract or custodial account described in IRS Code Section 497(g) is treated as a trust.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**10. OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS**

**KPERS Death and Disability OPEB Plan**

*Plan Description.* KDFA participates in an agent multiple-employer defined benefit other post-employment benefit (OPEB) plan which is administered by KPERS. The Plan provides long-term disability benefits and life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-04927. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. Because the trust's assets are used to pay employee benefits other than OPEB, no assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75. There is no stand-alone financial report for the plan.

*Benefits provided.* Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60% (prior to January 1, 2006, 66 2/3%) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver premium provision.

*Long-term disability benefit:* Monthly benefit is 60% of the member's monthly compensation, with a minimum of \$100 and maximum of \$5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, worker's compensation benefits, other disability benefits from any other source by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while disability continues until the member's 65<sup>th</sup> birthday or retirement date, whichever occurs first. If the disability occurs after age 60, benefits are payable while disability continues, for a period of 5 years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the term of the disability or 24 months per lifetime, whichever is less. There are no automatic cost-of-living increase provisions. KPERS has the authority to implement an ad hoc cost-of living increase.

*Group life waiver of premium benefit:* Upon the death of an employee who is receiving monthly disability benefits, the plan will pay a lump-sum benefit to eligible beneficiaries. The benefit amount will be 150% of the greater of the member's annual rate of compensation at the time of disability or the member's previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for 5 or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price before the life insurance benefit is computed. The indexing is based on the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual life insurance plan.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**10. OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (CONTINUED)**

*Employees covered by benefit terms.* At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	1
Active employees	9
	10
	10

Total OPEB Liability

Total OPEB liability activity for the years ended June 30 was as follows:

	<b>June 30, 2019</b>	<b>June 30, 2018</b>
Total OPEB Liability	\$ 47,852	\$ 65,190
Measurement date	June 30, 2018	June 30, 2017
Valuation date	December 31, 2017	December 31, 2016

*Actuarial assumptions and other inputs.* The total OPEB liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all period included in the measurement, unless otherwise noted:

Price inflation	2.75%
Payroll growth	3.00%
Salary increases, including inflation	3.50 to 10%, including price inflation
Discount rate	3.87%
Healthcare cost trend rates	Not applicable for the coverage in this plan
Retiree share of benefit cost	Not applicable for the coverage in this plan

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Index.

Mortality rates were based on the RP-2014 mortality tables, as appropriate, with adjustment for mortality improvements based on Scale MP-2018.

The actuarial assumptions used in the June 30, 2018 valuation were based on actuarial experience study for the period July 1, 2014 – June 30, 2016. Other demographic assumptions are set to be consistent with the actuarial assumptions reflected in the December 31, 2017 KPERS pension valuation.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**10. OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (CONTINUED)**

Changes in the Total OPEB Liability

	<b>June 30, 2019</b>	<b>June 30, 2018</b>
	<b>Total OPEB</b>	<b>Total OPEB</b>
	<b>Liability</b>	<b>Liability</b>
<b>Beginning balance</b>	\$ 65,190	\$ 77,920
<b>Changes for the year:</b>		
Service cost	5,350	5,408
Interest	2,167	2,089
Effect of economic/demographic gains or losses	(4,741)	-
Effect of assumptions changes or inputs	113	-
Benefit payments	(20,227)	(20,227)
<b>Net changes</b>	(17,338)	(12,730)
<b>Ending balance</b>	\$ 47,852	\$ 65,190

*Changes of assumptions.* Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The discount rate increased from 3.58% on June 30, 2017 to 3.87% on June 30, 2018 and increased from 2.85% on June 30, 2016 to 3.58 on June 30, 2017.

*Sensitivity of the total OPEB liability to changes in the discount rate.* The following presents the total OPEB liability of KDFA, as well as what KDFA's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.87%/2.58%) or 1-percentage-point higher (4.87%/4.58%) than the current discount rate:

	<b>1% Decrease</b>	<b>Current</b>	<b>1% Increase</b>
	<b>(2.87% / 2.58%)</b>	<b>Discount Rate</b>	<b>(4.87% / 4.58%)</b>
		<b>(3.87% / 3.58%)</b>	
June 30, 2019	\$ 47,356	\$ 47,852	\$ 48,085
June 30, 2018	\$ 65,139	\$ 65,190	\$ 64,996

*Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.* The healthcare trend rates do not affect the liabilities related to the long-term disability benefits sponsored by KPERS. Therefore, there is no sensitivity to a change in healthcare trend rates.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019 and 2018, KDFA recognized OPEB expense of \$7,040 and \$7,497, respectively. At June 30, 2019 and 2018, KDFA reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**10. OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (CONTINUED)**

	June 30, 2019		June 30, 2018	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ --	\$ 4,252	\$ --	\$ --
Changes in assumptions	101	--	--	--
Benefit payments subsequent to the measurement date	<u>20,227</u>	<u>--</u>	<u>20,227</u>	<u>--</u>
Total	<u>\$ 20,328</u>	<u>\$ 4,252</u>	<u>\$ 20,227</u>	<u>\$ --</u>

The deferred outflow of resources related to the benefit payments subsequent to the measurement date totaling \$20,227 consist of payments made to KPERS for benefits and administrative costs, and will be recognized as a reduction in the total OPEB liability during the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	<b>Deferred Outflows (Inflows) of Resources</b>
<b>Year ended June 30:</b>	
2020	\$ (477)
2021	(477)
2022	(477)

Thereafter	<u>(1,766)</u>
	<u>\$ (4,151)</u>

**11. LEASES**

KDFA has an operating lease ending in May 2025 for its office space and parking spaces. The combined rent expense for the years ended June 30, 2019 and 2018 was \$84,419 and \$84,824, respectively.

In 2016, KDFA entered into a new equipment lease ending in April 2020. Equipment expense for the years ended June 30, 2019 and 2018 was \$4,243 and \$4,362, respectively.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**11. LEASES (CONTINUED)**

Future minimum lease payments due under the non-cancelable office space and equipment operating leases are approximately as follows:

2020	\$ 80,697
2021	83,395
2022	83,395
2023	83,395
2024	83,395
Thereafter	76,445
	<u>\$ 490,722</u>

**12. RISK MANAGEMENT**

KDFA is exposed to various risks of loss related to torts: professional liability, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. KDFA has not made a claim against any of the insurance policies.

KDFA has commercial insurance coverage related to miscellaneous professional liability with a limit of liability of \$10,000,000 and retention of \$200,000 deductible. KDFA also has commercial insurance coverage on personal property with a limit of \$1,092,000 and \$1,000 deductible, which includes coverage on electronic data processing equipment, media, and data. This policy also provides general liability coverage with a \$2,000,000 per occurrence / \$4,000,000 aggregate limit. In addition, there is a Public Officials and Employees Liability Insurance Policy with an aggregate limit of \$2,000,000 and a deductible of \$1,000. Insurance settlements have not exceeded insurance coverage for the past three fiscal years. In addition, KDFA purchased public official surety bonds for an additional coverage of \$1,250,000. KDFA also participates as a Non-State group in the State's employee health benefit plan.

**13. PENDING GASB PRONOUNCEMENTS**

GASB Statement No. 84, *Fiduciary Activities*, improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when demand for resources has been made or when no further action, approval or condition is required to be taken or met by the beneficiary to release the assets. The provisions of this statement are effective for financial statements for KDFA's fiscal year ending June 30, 2020.

**KANSAS DEVELOPMENT FINANCE AUTHORITY  
A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTES TO FINANCIAL STATEMENTS

**13. PENDING GASB PRONOUNCEMENTS (CONTINUED)**

GASB Statement No. 87, *Leases*, improves accounting and financial reporting for leases by governments. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Provisions of this statement are effective for financial statements for KDFA's fiscal year ending June 30, 2021.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period. It also simplifies the accounting for interest cost incurred before the end of a construction period. Provisions of this statement are effective for financial statements for KDFA's fiscal year ending June 30, 2020.

GASB Statement No. 90, *Major Equity Interests*, improves consistency and comparability of reporting a government's majority equity interest in a legally separate organization, and improves the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. Provisions of this statement are effective for financial statements for KDFA's year ending June 30, 2020.

GASB Statement No. 91, *Conduit Debt Obligations*, provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. Provisions of this statement are effective for financial statements for KDFA's year ending June 30, 2022.

**14. ARBITRAGE REBATES HELD FOR STATE AGENCIES**

The investments of the proceeds of bonds issued by KDFA are subject to certain restrictions under the Internal Revenue Code, which could result in a liability for arbitrage rebate. When it becomes apparent that bonds will likely incur a material liability for arbitrage rebate, the State agencies for which the bonds were issued are required to transfer funds for the estimated rebate liability into a rebate account. Any balance remaining in these accounts after the final rebate amount has been paid to the IRS is transferred in accordance with the bond resolution or indenture. As of June 30, 2019 and 2018, the balance in these State agency restricted rebate accounts was \$277,830 and \$295,255, respectively. As issuer of the bonds, KDFA is legally responsible for payment of any arbitrage rebate. However, the likelihood is not probable that KDFA will need to fund the liability; therefore, this restricted cash and the corresponding liability is not reflected on the balance sheet.

A COMPONENT UNIT OF THE STATE OF KANSAS**

NOTE TO REQUIRED SUPPLEMENTARY INFORMATION

**DEFINED BENEFIT PENSION PLANS (CONTINUED)**

*Changes in benefit terms for KPERS.* Effective January 1, 2014, KPERS Tier 1 members' employee contribution rate increased to 5.0% and then on January 1, 2015, will increase to 6.0% with an increase in benefit multiplier to 1.85% for future years of service. For Tier 2 members retiring after July 1, 2012, the cost of living adjustments (COLA) is eliminated, but members will receive a 1.85% multiplier for all years of service.

January 1, 2015, the KPERS 3 cash balance plan became effective. Members enrolled in this plan are ones first employed in a KPERS covered position on or after January 1, 2015, or KPERS 1 or KPERS 2 members who left employment before vesting and returned to employment on or after January 1, 2015. The retirement benefit is an annuity based on the account balance at retirement.

For the State fiscal year 2017, the Legislature changed the working after retirement rules for members who retire on or after January 1, 2018. The key changes to the working after retirement rules were to lengthen the waiting period for KPERS members to return to work from 60 days to 180 days for members who retire before attaining age 62, remove the earnings limitation for all retirees and establish a single-employer contribution schedule for all retirees.

*Changes in assumptions for KPERS.* As a result of the experience study completed in November 2016, there were several changes made to the actuarial assumptions and methods since the prior valuation. The changes that impact all groups were effective December 31, 2016 and include:

- The price inflation assumption was lowered from 3.00% to 2.75%.
- The investment return assumption was lowered from 8.00% to 7.75%.
- The general wage growth assumption was lowered from 4.00% to 3.50%.
- The payroll growth assumption was lowered from 4.00% to 3.00%.

Changes from the November 2016 experience study that impacted individual groups are listed below:

**KPERS:**

- The post-retirement healthy mortality assumption was changed to the RP-2014 Mortality Table, with adjustments to better fit the observed experience for the various KPERS groups. The most recent mortality improvement scale, MP-2016, is used to anticipate future mortality improvements in the valuation process through the next experience study.
- The active member mortality assumption was modified to also be based on the RP-2014 Employee Mortality Table with adjustments.
- The retirement rates for the select period (when first eligible for unreduced benefits under Rule of 85) were increased, but all other retirement rates were decreased.
- Disability rates were decreased for all three groups.
- The termination of employment assumption was increased for all three groups.
- The interest crediting rate assumption for KPERS 3 members was lowered from 6.50% to 6.25%.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

---

To the Board of Directors  
**Kansas Development Finance Authority**  
Topeka, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Kansas Development Finance Authority (KDFA) which comprise the balance sheet as of June 30, 2019 and 2018, and the related statements of revenues, expenses and changes in net position, and cash flows for the years ended June 30, 2019 and 2018, and the related notes to the financial statements, and have issued our report thereon dated September 25, 2019.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered KDFA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of KDFA's internal control. Accordingly, we do not express an opinion on the effectiveness of KDFA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether KDFA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control on compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering KDFA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
